Benefits of planning ahead

1.

Remove the burden for my family

Spare your loved ones the burden of decision making by specifying your wishes, or go one step further and cover much of the cost in advance.

2.

Save money

Planning ahead makes financial sense when the average cost of a UK funeral in 2019 was £4,417* - up 55% from the 2010 price of £2,857.

3.

Design my own funeral

Simple no-frills send-offs to extravagant events and everything in between can be planned to the finest detail in advance.

| Your Funeral. You

WE KNOW THE BEST PERSON TO PLAN A FUNERAL IS... YOU

We're here to help you get just what you want.

For most of us in the UK, discussing our own death and dying generally is still a difficult conversation to have with our loved ones.

You can plan ahead by considering:

- ✦ Free Plans of Wishes for you to record your choices in a document to leave for loved ones
- ✦ A prepayment funeral plan which sets out your choices and pays for the funeral director's services at today's prices

Affordable, flexible and tailored to include everything you want.

No compromises on service, quality, now or in the years to come.

ur Way.

A SMART WAY TO SAVE

Funeral costs have been rising year on year*. Fixing our funeral director's costs at today's prices makes sense. A David Hardie & Son prepayment plan through Golden Charter means:

- ✦ We *guarantee* our professional fees will never rise, no matter when the funeral is required.
- ✦ An allowance is ring-fenced for other necessary costs (cemeteries, crematoria etc).
- ✦ You choose the funeral that you want, right down to the fine detail.

Comparing our funeral plans to Over 50s plans

Protecting your family from the worry of funeral costs and arrangements in the future comes by having a plan based on what you want. Second guessing your wishes can be costly.

How much will my funeral plan cost?

The total cost of your funeral plan is based entirely on the choices you make. Traditional funerals in the Borders range between £3,250 and £4,755.* But it's also fair to say a funeral can cost as little as £2,000 while bespoke events may be £8,000 plus. A £249 Golden Charter administration charge will also be added to all plan costs.

We don't tell. We ask. The result is you get the funeral that you want, right down to the last detail.

PAYING IS EASY

Spread the cost or make a one-off payment. We offer a number of ways to pay for prepayment funeral plans – simply choose the one that is right for you.

SINGLE PAYMENT OPTION

You can make a one-off single payment for immediate cover.

12 MONTHLY PAYMENT OPTION

If you would prefer to spread the cost, you can pay over 12 monthly payments by Direct Debit at no extra cost.

LOW COST INSTALMENT OPTION

If you would like to spread the cost over a longer period for a lower monthly payment, our low-cost instalment option offers terms of between two and 30 years payable by Direct Debit.

FIXED MONTHLY PAYMENT OPTION

We also offer a fixed monthly payment option where you pay a fixed monthly amount by Direct Debit, based on your age at time of application and choice of funeral plan; which is payable for life or until the age of 90.

ADMINISTRATION FEE

As well as covering the delivery of your funeral as per the term and conditions of your plan, your plan price includes a one-off £249 administration fee which Golden Charter receives to cover the cost of setting up, managing and administering your funeral plan.
